What makes us different from other bed manufacturers?

Mark & Llinos from Fun Furniture Collection know how important it is that parents are happy with their children's new bespoke theme bed. We are a small family company who prides themselves on putting the customer first. Customers are at the heart of our business. There are no added hidden costs for our furniture, what we quote is what you pay. We give you the customer a range of options. This includes a large choice of colours chosen from a colour chart provided and delivery options.

Mark, an industrial designer with over 25 years of experience, designs all of our furniture. Each piece of furniture is conceived and crafted from the highest grade birch faced plywood by time served craftsmen. Here at Fun Furniture Collection we believe quality and care of our products is paramount and we do not sell third party designs.

Split Screen Pickup with Canvas Single Bed

Fun Furniture Collection brings you a classic Split Screen Twin cab Pickup, which has now been transformed into a children's theme bed. This Twin cab Pickup van bed will be a fantastic feature in any child's bedroom. The bed can be purchased in two forms. You will be able to buy the pickup van without canvas cover or if you like a more closed in bed you can then buy the canvas cover as an add-on. Also we can produce artwork for the canvas and have it printed onto the cover (price on application for this service). The bed has been detailed with lots of bodywork features to make it look as close as possible to the real thing right down to panel lines, grill and bumper details. Under bed storage has also been built into the bed. This bed is sized to fit a full size single mattress 90cm wide x 190cm long (mattress not included). All our furniture is handcrafted to order in Plywood or MDF, unpainted or painted to your own choice of colours taken from our extensive colour chart. The self assembly construction guide is in the form of a step by step pictorial manual. This bed is ideal for any young child. This sturdy bed will delight all children. Allowing their imaginations to take them on many imaginary journeys and adventures both in sleep and play. Bedtime will be a delight and not a struggle.

ZERO PAINTS

RAL Basecoat Points

Over 100 different RAL colours can be mixed to suit your requirements. Our standard supply is 5 litres of colour matched paint supplied in 5 litre bottles. This has been pre-thinned ready for airbrushing. They are known as basecoat colours, which require spraying over primer and need clearcoating. If in doubt see the Zero Paints Painting Guide for how to apply the paint, also check out the Zero Paints F.A.Q. online to answer any other questions you may have of <http://www.zero-paints.com>

FREQUENTLY ASKED QUESTIONS

Can I have my own personalised number plate?

Fun Furniture Collection can personalise number plates to a maximum of 7 characters at no extra charge.

How hard is it to build?

A comprehensive pictorial stage by stage instruction manual is e-mailed to you. If at any point you have any questions, we are at the end of a phone to help.

FREQUENTLY ASKED QUESTIONS

What are the options for painting?

Fun Furniture Collection will give you large choice of colours chosen from a colour chart provided. Alternatively if you provide a colour reference we can try and match this paint, or send us a photograph of your vehicle and we will try and match it to the best of our ability. We use a child friendly paint or clear varnish, we do not lacquer over the paint allowing touching up at any time with the use of touch up paint provided with your order.

FREQUENTLY ASKED QUESTIONS

How will I know what the furniture will look like with my chosen colours?

Once you have provided your chosen colours Mark and Llinos at Fun Furniture Collection will e-mail you 3D images of what the bed will look like before we start painting, allowing changes to be made.

Please note that colours when viewed on different computer monitors may not look the same.

FREQUENTLY ASKED QUESTIONS

What size and depth of the mattress does the bed fit?

Every bespoke theme bed made at Fun Furniture Collection fits a standard single UK mattress 190cm Length x 90cm Width x 15cm Depth.

We understand parents read stories at bedtime and we feel it's important for the child and parent to be comfortable on a standard single mattress where there are few restrictions.

FREQUENTLY ASKED QUESTIONS

What are the delivery options?

We give you a choice for delivery options for your order.

A) We can get you a quote from a local trusted courier who has proven himself over many years delivering our furniture. He is a dedicated courier only carrying your goods. As our goods are so valuable we do not send them out via group carriers, as they tend not to look after the product, as past experience has taught us.

B) You are also very welcome to use any other delivery service. Please be aware that our furniture comes in multiple packages, and varies in weight and size.

C) You can pick your furniture up from the workshop in Stoke on Trent.

FREQUENTLY ASKED QUESTIONS

Can you come and install my furniture?

Fun Furniture Collection offers a white glove installation service. Please contact us to check availability and cost.

FREQUENTLY ASKED QUESTIONS

What age do the beds start from?

Fun Furniture Collection feel it is the choice of the parent to decide when their child is ready for their first big bed. We have had children from the age of 2 1/2 getting their first beds from us. As it is a standard single mattress your child will not grow out of it until they are over 6' 2". In respect of the Bunk beds European guidelines say a child under 5 years old should not be on a top bunk.

Fun Furniture Collection is more than happy to answer any other questions that you may have. Please contact us via our web-site or by phone and we will be happy to help.
